

Service Agreement

Dear Valued Client,

We are writing to outline the mutual responsibilities associated with the services we are pleased to offer you. This service agreement pertains to your ongoing tax returns and subsequent years, unless either party chooses to terminate the agreement. The primary service covered within this arrangement is the preparation of your individual tax return. Depending on the support tier you choose additional services throughout the year may also be included. This agreement supersedes any previous understandings.

Responsibilities as a Taxpayer

1. **Support Level Confirmation:** Please review and confirm that the selected support level on page 2 aligns with your specific needs and circumstances. You are aware that services not included in your chosen package will incur separate charges.
2. **Information Submission:** You commit to providing all necessary income and deductible expense details. Should you acquire additional information after work has commenced on your return, please promptly inform us to ensure accurate filing.
3. **Accuracy of Information:** You affirm the accuracy of all expenses and deduction amounts, possessing the required supporting written records. Occasionally, we may request you to review your documentation.
4. **Documentation for Audits:** In the event of an audit by the IRS or state tax authority (if applicable), you must be able to furnish written records for all items on your return. We can guide you on acceptable forms of evidence.
5. **Thorough Review:** It is your responsibility to thoroughly review the return for accuracy before signing.
6. **Payment Information:** Payment details need to be provided before we can file your tax return. If the engagement is terminated before completion, a fee for the work done will apply. Late returns or those spanning multiple years necessitate a retainer.
7. **Timely Information Submission:** Should you fail to provide all required information for us to complete an accurate return by March 15, you authorize us to file a 6-month extension on your behalf. Please note that while the extension grants more time for filing, it does not extend the deadline for tax payments, potentially leading to penalties. We recommend submitting your tax information by March 15 to enable timely filing. Unless you instruct otherwise in writing, we may, at our discretion, file an extension for the subsequent year.
